## Recording Procedure

Please help your student polish the piece to a high level, and submit a recording only if they are well prepared. Every year some teachers report that their students were sick on recording day, or the machine did not work, etc. If this kind of problem occurs, prepare the application after the due date and save it until next year.

All tapes and disks must be new. Start at the beginning of the tape.

Preface playing with your student's spoken introduction:

"My name is \_\_\_\_\_. I am \_\_\_\_\_ years old. I play a \_\_\_\_\_ size violin/viola/cello/guitar . My graduation piece is \_\_\_\_\_. My current piece is \_\_\_\_\_. My teacher is \_\_\_\_\_.  
Thank you for listening."

Record with live accompaniment or with an accompaniment CD. Test for pitch and balance.

(As an alternative to piano accompaniment, a violin duet from Marianne Rygner's Fun for Two Violins may be used the following pieces: Gossec Gavotte, Vivaldi a minor 1st, Vivaldi g minor 1st. Furthermore, Bach Bourree may be played as solo violin or viola at teacher's discretion. La Folia and higher levels must be played with piano accompaniment.)

No stopping in the middle of the piece, no playing a section over, no splicing.

The teacher may not sing or play the melody line along with the student, or offer verbal instruction during the performance

Accurate pitch, rhythm, bowing, style and correct tempos are required.

***Good luck to you and your students! We'll see you at the concert.***
